For more information visit [Summerwind Marchadors](#)

Description

Bossa Nova de Miami is a big beautiful mare with a confident and outgoing personality. Great conformation and an enjoyable easy-going gait are also traits that she passes on to her foals! Her marcha is smooth, whether fast or slow, and classic form.

She is the horse we put beginning, inexperienced riders on because of her easy going nature. But, she can also be dramatic, flashy and a look-at-me horse for the camera or when protecting her babies in the pasture.

Bossa Nova was inspected and approved by the ABCCMM for breeding and is now dual registered with the ABCCMM and the USMMA. She is one of the original Guerra-bred foundation mares bred from stock imported from one of the top farms in Brazil, Calciolandia. Calciolandia continues to excel in breeding and winning in the show ring in Brazil, with an emphasis on breeding for the lateral picada gait.

Bossa Nova is a mix of Herdade and Caxumbu bloodlines (historic lineages.)

Breed to Bossa Nova for these results:

Beauty paired with size, height and balanced proportions
Mellow and easy-going nature
An athletic, versatile sport horse, show horse or trail horse
Confidence and bold movement
Superior gaits
