For more information visit [Summerwind Marchadors](#)

## Description

Chanel has the blue ribbon picada gait – AND – she passes great gait on to all of her foals. She is the smoothest horse we have ridden, both in the US and Brazil. Chanel's other defining characteristic is her head. Her head is just beautiful, with features that are like an Arab – liquid eyes, turned in ears and refined features. She passes that on too!

Chanel is pure Herdade in her bloodline, tracing back to the famed Herdade Cadillac.

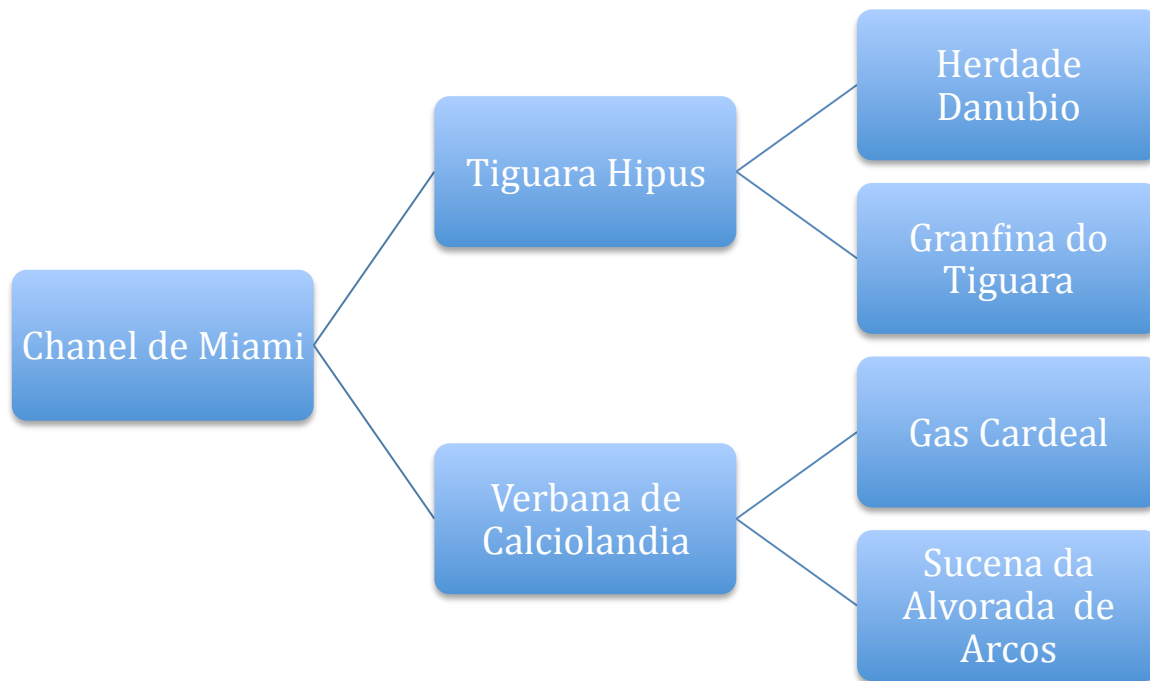

She is one of the Guerra-bred original foundation mares. The originating farm in Brazil, Calciolandia, is consistently in the winner's circle in Brazil.

We would recommend breeding to a stallion that passes on bone, to improve her foals while keeping her outstanding characteristics.

### **Breed to Chanel for these results:**

- ✓ Superior gait
- ✓ Beautiful head and eyes
- ✓ Mellow and easy-going nature
- ✓ Show or pleasure disciplines.
