Description

With a pedigree studded with ELITE book champions, Jivago is an A+ stallion! Jivago is a proven producer on two continents and three countries!

Jivago is a striking, muscular, metallic buckskin stallion with quality to spare! His conformation and personality define perfection! Jivago's marching gait is show quality and his canter is to die for. A true herd stallion, he passes on his greatness! Jivago foals get the bone, body, and athleticism the Favacho lineage is known for!

Jivago is a mix of Favacho and Tabatinga bloodlines (historic lineages) that are unique on this continent. He is a foundation breeding stallion – we think he is the best imported stallion in North America. His foals prove his genetic prepotence.

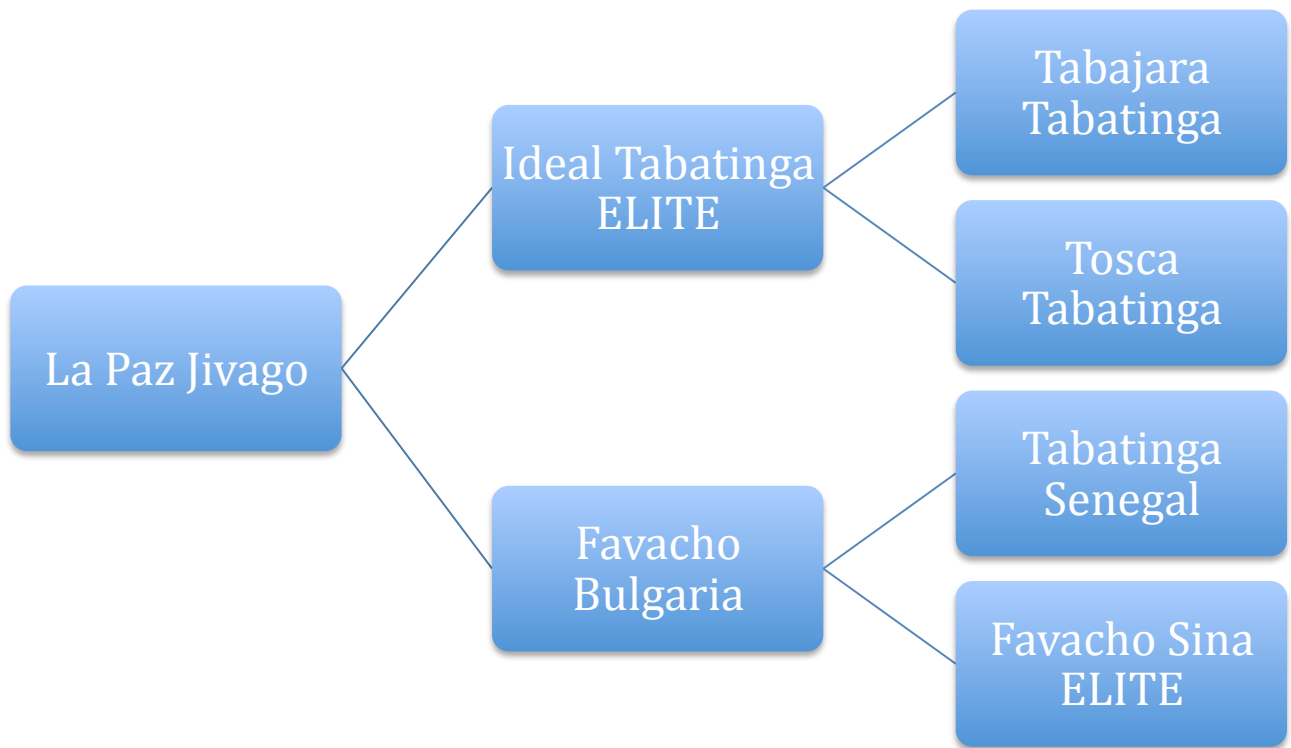

Breed to Jivago for these results:

- ✓ Substance and bone
- ✓ Excellent balance and agility
- ✓ Confidence and bold movement
- ✓ Superior gaits
- ✓ COLOR
- ✓ An athletic, versatile horse for sport, show or pleasure.
- ✓ Breeding stock
